

Exercise CQP.1 - Net Promoter Score (NPS) for Crunchyroll

Audience and Responses:

- **Audience Size:** 20 Crunchyroll users
- **Responses:**
 - **Promoters (9-10):** 8 users
 - **Passives (7-8):** 6 users
 - **Detractors (0-6):** 6 users

NPS Calculation:

- **Percentage of Promoters:** $(8/20) * 100 = 40\%$
- **Percentage of Detractors:** $(6/20) * 100 = 30\%$
- **Net Promoter Score:** $40\% - 30\% = 10$

One-Page Summary:

Crunchyroll received a Net Promoter Score (NPS) of 10, indicating a moderate level of customer satisfaction. With 40% promoters and 30% detractors among the surveyed users, there is room for improvement in user experience and feature offerings.

Exercise CQP.2 - Categorize Requirements of Crunchyroll with the Kano Model

Feature Categorization:

Here are some key features of Crunchyroll categorized using the Kano model:

Feature/User Story	Kano Category	Explanation
High-Quality Streaming	Basic Need	Users expect smooth and high-definition streaming.
Wide Content Library	Basic Need	A diverse selection of anime is a fundamental expectation.
Personalized Recommendations	Performance Need	Improved recommendations enhance user experience.
Offline Download for Premium Users	Performance Need	Ability to watch offline adds value for paying customers.
Interactive Community Features	Delighter	Unexpected, enhances user engagement with discussions.
Early Access to New Episodes	Delighter	Early access surprises and delights dedicated fans.
Multi-Language Subtitles	Performance Need	More subtitle options improve accessibility and experience.

Explanation:

- **Basic Needs:** High-Quality Streaming and Wide Content Library are essential; their absence would lead to dissatisfaction.
- **Performance Needs:** Personalized Recommendations and Offline Downloads improve user satisfaction as they become more robust.
- **Delighters:** Interactive Community Features and Early Access are pleasant surprises that exceed user expectations.
